Company profile:	A strong dedication to meet our customer's needs and the specific requirements of various business fields makes CLC AG a successful provider of Integrated Customer Care Management systems. By creating customised solutions in all of its strategic business fields, CLC AG has been very successful in helping its customers to expand their business. It is the declared goal of the CLC AG to become market

leader in its specific business fields in Central and Eastern Europe.

Optimum performance is the strategic orientation for the success of CLC AG and subsequently of its customers. It is the result of the following three paths being followed:

Perfect quality of services

The commitment and competence of each employee contributes substantially to the excellent quality of CLC AG services.

Innovational Leadership

Focusing on customers and the requirements of their business enables CLC AG to identify the actual needs and to develop new solutions.

Technological Leadership

By using the latest technologies, customer problems can be investigated and solved
